

E. ACTIVTAPP PARTS LIST

- ① Ozone on/off switch
- ② Tap Body
- ③ Plastic mounting plate
- ④ Metal mounting plate
- ⑤ Fixing screw
- ⑥ Hex fixing nut
- ⑦ Blue stainless steel hose
- ⑧ Red stainless steel hose
- ⑨ LED wire
- ⑩ Silicone tube in a protective hose
- ⑪ Ozone generator
- ⑫ AC adaptor

F. ACTIVTAPP SPECIFICATIONS

ActivTapp™ 

ACTIVATED OXYGEN FAUCET

Input Voltage	120VAC – 240VAC
Power Consumption	6W MAX
Size of Ozone Generator (H x W x D)	7.3in x 4.9in x 1.7in
Serial Number Location	Label on back of generator
Water Pressure	35-70 psi
Water Temperature	40°F - 100°F
Mounting Hold Dimension	1.57 in

ActivTapp™

ACTIVATED OXYGEN FAUCET

Thank you for purchasing the ActivTapp activated ozone faucet. Ozone is naturally produced from the oxygen in the air. Our patented technology mixes ozone with water to produce a natural, powerful disinfectant which is extremely effective against bacteria, pesticides, and odor. Ozone is 3000 times stronger than chlorine but leaves no chemical residue. Since ozone is created from oxygen, it reverts back to oxygen. The ActivTapp is stylish, complimenting any kitchen, and provides a powerful tool that allows you to wash fruit and vegetables so they keep longer, wash meat so it stays fresher, and wash down all of your kitchen surfaces to disinfect without harsh chemicals.

PRODUCT FEATURES

- **Versatile** - Limitless usage from cleaning, to cooking, to food storage.
- **Eco friendly** - Natural disinfectant, no need to store and use harsh chemical cleaners to clean your kitchen.
- **Stylish** - The ozone generator is tucked neatly below the counter so all you see is a beautiful faucet.
- **Hi-Tech** - Exclusive water and air combination technology.
- **Convenience** - Ozone can be added to the water flow with just a slight pull on the aerator, a separate faucet is not needed.
- **Safety** - The ActivTapp uses a UL listed power supply and has built in shut off protection inside the ozone generator.

One-year limited warranty: Effective from date of purchase

WARRANTY DOES NOT COVER

- Damage caused by human error or incorrect installation.
- Unauthorized disassembly or modification of ozone generator.
- Damage caused by natural disasters.
- Ozone generator immersed or soaked in water.
- Use of non-genuine parts.

A. INSTALLATION GUIDE

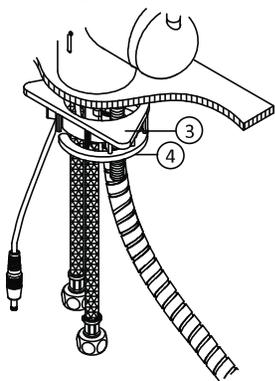

Tools

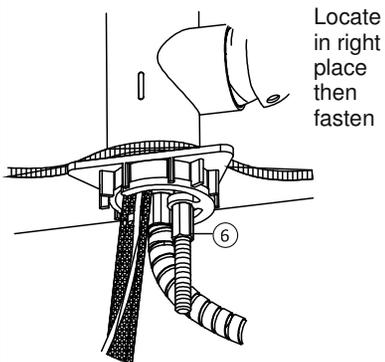

1. Install the tap

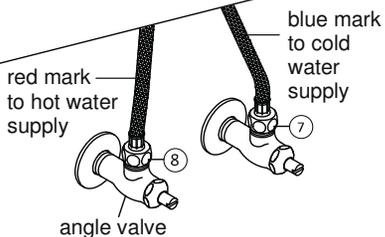

2. Fix mounting plates with hex nut

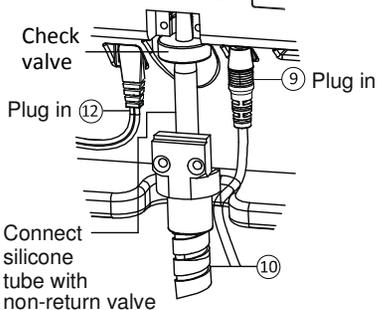

3. Fasten base plate

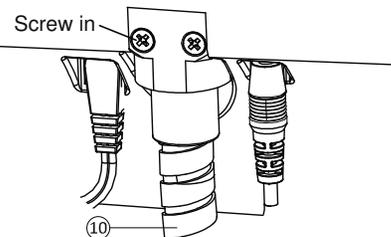

4. Connect SS hoses

5. Connect ozone silicone tube from tap to ozone generator

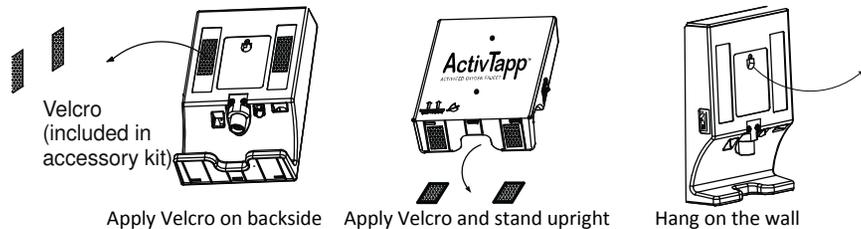

6. Fasten protective hose of silicone tube

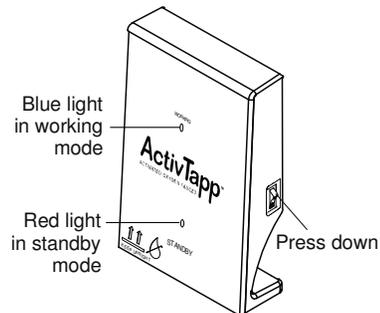

B. MOUNTING THE OZONE GENERATOR

Always keep the generator standing upright, as it will auto shut off when the units not in a vertical position. Keep it dry to avoid damaging internal circuit board.

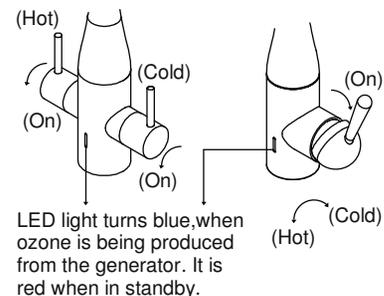

C. INSTRUCTIONS FOR USE

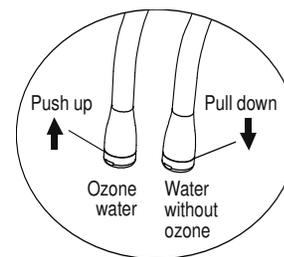

Power on Generator

Switch on Tap

Turn On/Off Ozone

D. FREQUENTLY ASKED QUESTIONS

Q1: In there a smell?

A1: The ozone water will give off a fresh smell which will dissipate within a few minutes.

Q2: Why is the water flow reduced?

A2: This may be due to a blockage in the aerator or incoming water pipes.

Q3: Can we directly drink ozonated water?

A3: It is suggested that you let the water sit in a container for 1 hour before drinking.

Q4: What is the effectiveness of eliminating bacteria?

A4: Ozone water will reduce the most common bacteria including e Coli, Staphylococcus aureus, and Legionella pneumophila.
