

ClearWater Tech

# NatureWash

Designed for semi-commercial applications and supports 2 to 25 lb washers.

## NatureWash Corona Discharge Ozone System

NatureWash is a compact, plug-and-play, wall-mounted ozone system that provides eco-friendly, cold-water wash technology. It improves the quality, longevity, and cleanliness of your commercial laundry.

NatureWash transforms cold water into a powerful cleaning agent by mixing normal tap water with ozone, nature's safest, and most effective disinfecting agent, into the wash water. Produced on site with less chemicals, linens are softer to the skin, cleaner, and smell fresher.

### APPLICATIONS

- Boutique hospitality laundry
- Assisted living laundry
- Long term care
- Coin laundry
- Multi-housing
- Athletic facilities laundry
- Residential homes

### KEY FEATURES

- Ozone output: 200 mg/hr
- Dimensions: 17.12" w x 10.55" h x 2.57" d, 5.4 lbs
- Compact, wall-mounted
- Power: 120VAC, 60 Hz, .50 amps and 220/240VAC, 50/60 Hz, .25 amps
- Built-in air dryer
- Powder coated enclosure
- Regulated universal power supply
- Air cooled for ease of installation
- Solid state components
- Remote 4-20 mA control or manual control
- LED light status indicators
- Built-in moisture indicator and air filter
